SALT LAKE CITY CAMPUS

UNDERGRADUATE MAJORS & MINORS

Our academic programs are designed to be hands-on, engaging, and collaborative while focusing on critical thinking, group projects, peer feedback, and faculty mentoring. All students take general elective courses in their 1st year and declare their major in their 2nd year. Students can also choose to double major or minor while studying at the Asia Campus.

COMMUNICATION
B.S. in Communication
A degree in communication prepares you for careers in the areas of public relations, advertising, marketing, journalism, and more.

FILM AND MEDIA ARTS
B.S. in Film and Media Arts
A degree in film and media arts offers students not only in-depth understanding of film, but also animation, game design, and social media.

PSYCHOLOGY
B.S. in Psychology
A degree in psychology provides excellent preparation for careers in education, human resources, case work, or for advanced degrees such as social work, medicine, law, or business.

CIVIL AND ENVIRONMENTAL ENGINEERING
B.S. in Civil and Environmental Engineering
A degree in civil and environmental engineering prepares you for careers in the field of construction management, groundwater contamination, transportation design and planning, and monitoring quality of air, water, and land.

ELECTRICAL ENGINEERING
B.S. in Electrical Engineering
A degree in electrical engineering provides an opportunity for you to explore electric and magnetic phenomena, their application fields, and technologies to use them.

COMPUTER ENGINEERING
B.S. in Computer Engineering
A degree in computer engineering prepares you to develop and research computer systems, software-based convergence technology, artificial intelligence, intelligent software, and more.
