WHAT DO I DO IF I HAVE COVID SYMPTOMS?

1. **RAPID ANTIGEN TEST**
   Students are encouraged to secure rapid antigen tests for at-home testing. Tests can be found at local pharmacies or convenience stores.

2. **IF POSITIVE:**
   **FILL OUT FORM**
   Report your result on UAC form: See QR code here. If negative, no report is needed.

3. **QUARANTINE**
   Quarantine is 7 days after the first test is taken. Students cannot quarantine in the dorms. The UAC will assist students who do not have an off-campus location to quarantine. Students needing quarantine support can email uacslic@utah.edu.

4. **CONTACT YOUR FACULTY**
   Email your professors to get zoom links for your classes or steps on course instruction.

5. **CONTACT TRACING**
   Contact people you have been in close contact with (Close contact is defined as someone who lives with a person testing positive AND is not fully vaccinated).

**COVID guidelines and information are constantly changing. If there are updates that affect our campus, you will be updated via Umail.**
